

# ExxoTec™

ExxoTec™ Elite

ExxoTec™ Pro

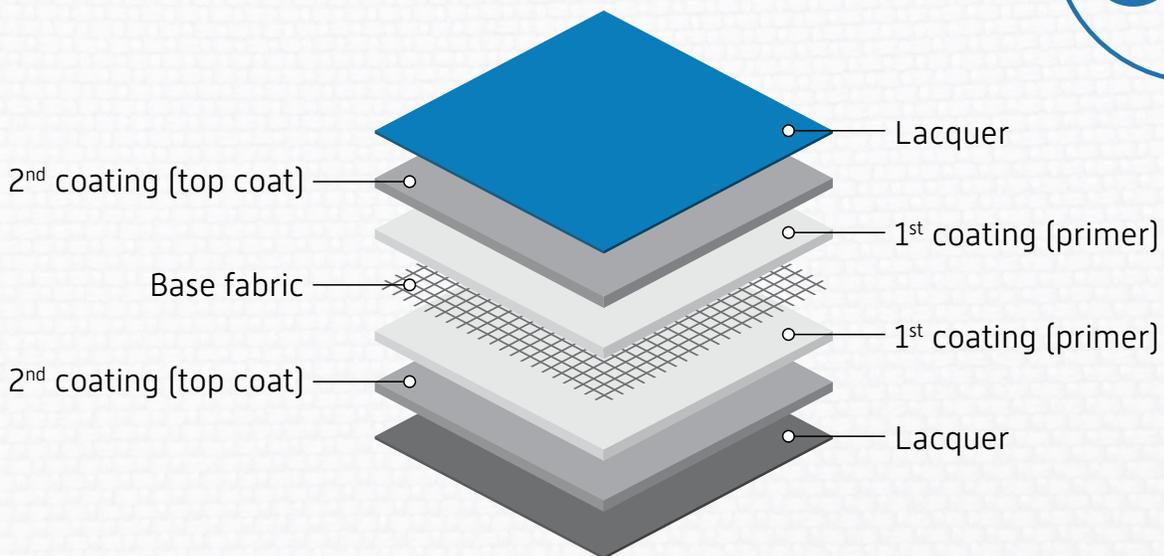

The ExxoTec™ PVC fabric, exclusively available from Legacy Building Solutions, is cost competitive with PE and other PVC fabrics while providing significantly better strength and performance characteristics.

Legacy Building Solutions has worked extensively to provide our customers with a new and improved fabric product in both quality and value. Self-cleaning PVC with high tensile strength and long-term weathering, our ExxoTec™ fabric will provide our customers with the best value in the fabric structure industry.

PE or alternate PVC fabrics are also available upon request.
